WED WEDDAY, DECEMBER 3, 1990.

An Amusing Contradiction.

An Amusing Contradiction.

If the election of Resember had 2.17 pointers atgratecance whetever, they explained expensions a title to est it, the subsidy scheme, and all the abstoctive measures of Republican policy. Let, in defiance of the popular revolution, President Harrison annotates the atherence of the executive to all these contemped measures and calls upoh I treputated party in Congress to substitutions which have become have and to embody the others in the national statutes at the earliest possible moment.—Commercic!.

Our contemporary selless upon the Pras-Our contemporary selies upon the Pres-

ident's message to follow the lead of the Bostor Globe la prantically declaring that as a result of the Movember elections the as should attempt no legiplation at this scholor of Coogress beyond the mere measure of the recessing appropria-tion bits. In taking this shault the Comtie. Is unfortunately confronted by its election. The views it now pretends to entertain as to the duty of the defeated party either very materially from the views it some saced in 1888. At that time it did ceure, or that some amendment should be people of the power of a "rejected majority to legislate between the e tetlos and the assembling of a succeeding Congress, majority in the House was 'too only "rejectru" but the Democratic President and his sottre administration as sell, thus giving a particular significance to the verdict of the people. On the other hand is then took execuls the opposite vew as will be seen from the following quitations from

le a spece 2 at Albany Got. Hi in a usine te de den that the Democratic ports should abandon the issue a roo which it most to for it is to be a support. The Democratic party like been in the everal times, but somehow of other it makes wenderful resurrections.

The Springfield Republica's Washington operapoident as a treetient to stand by the President as a truestiy as they and before the election.

its columns after the last Presidential coo-

President as earnessiy as they are before the election.

The President's message is calledy interaction on account of his atterances on the inrith question. Defeat has caused no modulosition of hir. Greviland's views on his subject. The principles which the President lays down are indiportably correct. ect."
The New York World does not think

he Democratio party has gone out to May by any ricens.
A conference of Demogratic Senators A constructed of beangrant sensors was beld Monday evening at which the fleunte substitute for the Mala bill was considered. The views of the Democratic Sensors with however, by made known as each paragraph is read and emediated just and necessity.

fiere we have the Commercial cordially endowing the purpose of the Democrate to stand by the issues upon which the party was rejected by the people, and it even appliants the Democratic Senators who sprounced their determination to offer proceedings and attempt to shape the offer smeatherns and accompany of the Milia Scoute turn bell on a balls of the Milia bull just as though the last na acd menuse had not been repudiated a; the polls he suggest that our contemporary reco-cies a present position with the stied taken to 1888

The Strongest Possible Ground. . a bo cortion of his message does the President place himself more a harmony with the people than dualing with the meessity for an effective ejection law.— Watt.

Upon what ground do you base this astersion. Upon the result of the recent elections? -- Commercial

The assertion is based upon the strongest possible ground, namely, the verdict of the people in the election of 1889. The Republican party then went to all a country on a planform, two of the plants of which were a maintenance of the protective tariff son a pledge to seemre an honest ballot. were discussed on the stump and in the papers. It was a square conte c Fire with no opportunity for elective wisrepreterration on the marti of the Democrate. The resolt of that conject was the retirement of the free trade President and the Marine, verdice of the people was an emphasic as: Accident, dorsement of the Republican platform and this, too, in splite of the fact that the Demo. Plate Glass, casts kehr he South "solid, pl the name that the name. a Democratic majority regardless of the actua voting strength of the people in the system States. In the late special States. In the late special was schieved by a systematic campaign of microprase at Lowest rates of premium, and loseds prompt y adjusted and paid as this office. traits not only admit this fact, but setually bonet that they obtained their temporary auccess under laise pretenses. Mr. Yoler, a Democratid Congressman from Ob o. for h stance, tells as a good jobe the fee that bir parry imposed upon an igoo-rant class of people by selling them books and eyes at a largely; hoursess notice atleg og as the cases that the McKieley bill bad out the price up. Mean and con-tempt ble as this business is t is a feir illustration of the methods employed by the Democrate generally. This was has no bentation in saying that the geople of this country demand a law to promote honest er-culous, and the Commerc of price tically admits the fact by its opposition If it really believed that the people were against such a law it would be only to happy to have the Republicans pass it and tuffer defea; at the politic consequence. We hope and expect that he closing seaslor of the Fifty-first Congress will witnest the passage of such a aw and we are

A Democratic f teal. The South Caroling De negants have again atoles the Seventh Congressional Detrict. Even the Sourbons have to admit that Mr. Milier, the Republican con-ditions, had a majority of sectoral thousand, cidele, had a mejority of account heigened, but his vote was thrown onto a the ground that the Republican hallots were the frection of an tach aborted than the law required, and the cartificate gives. That the Democratic conditions for temperary. The technical point was desirative just of the ganera, whene to just like a seat as the hallots for the Republicant and Democratic ways at Printed by one concern. What these Bourdons will deliberately wise our an antique of the market bourdons will deliberately wise our the market bourdons will deliberately wise our the market bourdons will deliberately wise our the market bound of annual distributions of the market boundards, the people can reachly under the market bounds and are for the boundards deformed the impact of the impact. stant how they perform in close districts. Tals outrage would not have been possible unifor the Federal election law, and .: and fords one more reason why the si (now) COMMETTER MITT I IPE T 8 C) pending to 4.00 Senate should reason being the state of the state of

people for it eir approval or voidemnation.

The Message. But it is in regard to the Election bill that the President speaks with the greatest force but directorie. His armin tof the passage of that law is exceen Great and conclusive, and his snewers to the objections raised against it are very

strong and direct.
Takes as a whole, the escange is suc o the most important and suggestive state papers that he been fold before Geogress for many years, sed it should be read by every chilses of the Republic. That it will be the applicated much discussion in Conof their position on the great questions of the day, which will laspire the party to coctions the work begun at the first sea-

grees and one is certain. Republicans will appland is as a hold and vicercus defense.

TEARES OF SAMING BAYS. aion of Congress and carry it to comple

President Harrison's message to Congress is, as we expected, an able and statesmanlike review of the condition of the National Government. It is dignified in tone, compresenter in view, and clear and complete to statement.

The message beserves and will rece be calded coas derecton of the people. (Leases Journal.)

meteuge of weikening convictions upon any of the estential principles of Republican policy. his commendation of the slocere. Ge urges the percego of an Ampertinament bill and of the Naval Subeltional tariff legislation, tand he recombill; and he sets forth with vigor and directness, and the strongth of slocers and 12 terriute conviction, the arguments in invor of protecting the purity of the ballot by a Federal Elections law. If Congress thould follow out the course which the President commends, it would demon-strate to the country that it had not been turned n the leng from the execution of its announced policy by the results of the November elections. And why should it? The leading features of the industrial and commercial attuation, to which the Prestdent alluder, show a condition of almost ungapalieled prosperity.

Fierce's Pavorite Presentation brings relief and cure. It is a brings relief and cure. It is a powerful, invigorating, resteative tanis and nervine. It ideparts strength to the whole system in general, and to the unerine organs and applendages in particular. Run-down, debilitated and delicate woman need it. It's a egitimate moticine—purely vigotable, perfectly armien. It's generaless to give satisfaction in every case, or money refunded. Nothing else does as much. You only pay for the as much. You only pay for the good you get. Can you ask more? period of change from gulbood to womanhood, "Favorite Prescrip-

As a regulator and promoter of inctions action, at that critical tion" is a perfectly safe remedial agent, and can produce only good results. \_t is equally officacious a valuable n its effects when taken for those disorders and derangements incident to that later and most critical period, known as "The Change of Life."

Secretary Tracy.
